# Round 1: Life Science

**Group A Students are seated with line-up in hand.**

**Round 1 will begin once all line-ups are collected.**

**School names are on the back of all scoresheets. Do not write your school name on the front.**

# Round 1: Life Science

## Question #1:

**Bacteriophages are examples of these organisms that attack bacteria. What class of infectious agents includes hepatitis B, HIV, and smallpox?**

# Round 1: Life Science

## Question #1:

**Bacteriophages are examples of these organisms that attack bacteria. What class of infectious agents includes hepatitis B, HIV, and smallpox?**

# Round 1: Life Science

## Question #2:

**What is the name for the class of vertebrates that usually have hair, feed milk to their young, and give live birth?**

# Round 1: Life Science

## Question #2:

**What is the name for the class of vertebrates that usually have hair, feed milk to their young, and give live birth?**

# Round 1: Life Science

## Question #3:

**Mutualism, commensualism, and parasitism are examples of what type of long term relationship between two species?**

# Round 1: Life Science

## Question #3:

**Mutualism, commensualism, and parasitism are examples of what type of long term relationship between two species?**

# Round 1: Life Science

## Question #4:

**Emphysema and pneumonia are diseases of what paired organ which is responsible for breathing?**

# Round 1: Life Science

## Question #4:

**Emphysema and pneumonia are diseases of what paired organ which is responsible for breathing?**

# Round 1: Life Science

## Question #5:

**In plants, the cell wall surrounds what surface that encloses the cell?**

# Round 1: Life Science

## Question #5:

**In plants, the cell wall surrounds what surface that encloses the cell?**

# Round 1: Life Science

## Question #6:

**What type of aquatic plant has “red” and “blue-green” varieties? They include seaweed.**

# Round 1: Life Science

## Question #6:

**What type of aquatic plant has “red” and “blue-green” varieties? They include seaweed.**

# Round 1: Life Science

## Question #7:

**What observable characteristics of an organism are determined by the genotype?**

# Round 1: Life Science

## Question #7:

**What observable characteristics of an organism are determined by the genotype?**

# Round 1: Life Science

## Question #8:

**Finger like protrusions called villi line what organ with “small” and “large” varieties that is important in nutrient absorption?**

# Round 1: Life Science

## Question #8:

**Finger like protrusions called villi line what organ with “small” and “large” varieties that is important in nutrient absorption?**

# Round 1: Life Science

## Question #9:

**Bees are lured to flowers by what sweet liquid produced by flowers that is the source of sugar for honey?**

# Round 1: Life Science

## Question #9:

**Bees are lured to flowers by what sweet liquid produced by flowers that is the source of sugar for honey?**

# Round 1: Life Science

## Question #10:

**What biological classification lies in between kingdom and class? In the kingdom animalia, examples of this group are chordata, arthropoda, and cnidaria.**

# Round 1: Life Science

## Question #10:

**What biological classification lies in between kingdom and class? In the kingdom animalia, examples of this group are chordata, arthropoda, and cnidaria.**

# Round 1: Life Science

## Question #11:

**The Kakum National Park in Ghana and the Amazon are notable examples of what biome characterized by thick vegetation, high species diversity, and high levels of rainfall?**

# Round 1: Life Science

## Question #11:

**The Kakum National Park in Ghana and the Amazon are notable examples of what biome characterized by thick vegetation, high species diversity, and high levels of rainfall?**

# Round 1: Life Science

## Question #12:

**Females have two of what chromosome which males generally only have one of?**

# Round 1: Life Science

## Question #12:

**Females have two of what chromosome which males generally only have one of?**

# Round 1: Life Science

**Students have 3 minutes to complete their answer sheets.**

# Round 1: Life Science

**Students have 3 minutes to complete their answer sheets.**

**2 Minutes Remaining**

# Round 1: Life Science

**Students have 3 minutes to complete their answer sheets.**

**1 Minute Remaining**

# Round 1: Life Science

**Students have 3 minutes to complete their answer sheets.**

**12 Seconds Remaining**

# Round 1: Life Science

**TIME**

**Pencils Down.**

**Answer sheets will now be collected.**

# Round 1: Life Science

**Answers for Life Science questions follow on next slide.**

**Advance once all answer sheets have been collected.**

**Group A Students may return to their team.**

**Group B Students may be seated.**

# Round 1: Life Science

## Answers

- 1) Viruses
- 2) Mammal
- 3) Symbiosis
- 4) Lungs
- 5) Cell Membrane [or Plasma Membrane]
- 6) Algae
- 7) Phenotypes
- 8) Intestine [accept Small Intestine or Large Intestine]
- 9) Nectar
- 10) Phylum
- 11) Tropical Rainforest
- 12) X chromosome

# Round 2: World History

**Group B Students are seated and ready to begin.**

# Round 2: World History

## Question #1:

**The title “Empress of India” was given to what longest reigning monarch of England whose namesake period spanned most of the late 1800s?**

# Round 2: World History

## Question #1:

**The title “Empress of India” was given to what longest reigning monarch of England whose namesake period spanned most of the late 1800s?**

# Round 2: World History

## Question #2:

**Ferdinand and Isabella, the rulers of Aragon and Castile, unified what modern day country?**

# Round 2: World History

## Question #2:

**Ferdinand and Isabella, the rulers of Aragon and Castile, unified what modern day country?**

# Round 2: World History

## Question #3:

**In 2009, Hermann de Rompuy became the first president of what organization with capital at Brussels that unites the countries on its namesake continent?**

# Round 2: World History

## Question #3:

**In 2009, Hermann de Rompuy became the first president of what organization with capital at Brussels that unites the countries on its namesake continent?**

# Round 2: World History

## Question #4:

**What explorer who sought to reach the Spice Islands by traveling west died after a clash in the Philippines? He led the first expedition to circumnavigate the world.**

# Round 2: World History

## Question #4:

**What explorer who sought to reach the Spice Islands by traveling west died after a clash in the Philippines? He led the first expedition to circumnavigate the world.**

# Round 2: World History

## Question #5:

**What Frankish ruler who had his capital at Aachen was crowned the first Holy Roman Emperor by Leo III in 800?**

# Round 2: World History

## Question #5:

**What Frankish ruler who had his capital at Aachen was crowned the first Holy Roman Emperor by Leo III in 800?**

# Round 2: World History

## Question #6:

**What largest of the Nazi concentration camps had subcamps at Birkenau and Monowitz.**

# Round 2: World History

## Question #6:

**What largest of the Nazi concentration camps had subcamps at Birkenau and Monowitz.**

# Round 2: World History

## Question #7:

**The Pax Romana began under what first Roman emperor who was the adopted son of Julius Caesar?**

# Round 2: World History

## Question #7:

**The Pax Romana began under what first Roman emperor who was the adopted son of Julius Caesar?**

# Round 2: World History

## Question #8:

**What Hindu leader of the Indian independence movement practiced ahimsa and satyagraha in advocating nonviolence?**

# Round 2: World History

## Question #8:

**What Hindu leader of the Indian independence movement practiced ahimsa and satyagraha in advocating nonviolence?**

# Round 2: World History

## Question #9:

**Kublai was the grandson of what great khan who unified the Mongols?**

# Round 2: World History

## Question #9:

**Kublai was the grandson of what great khan who unified the Mongols?**

# Round 2: World History

## Question #10:

**Much of the sugar traded in the Triangular Exchange came from what island which would later be led by the Castro brothers?**

# Round 2: World History

## Question #10:

**Much of the sugar traded in the Triangular Exchange came from what island which would later be led by the Castro brothers?**

# Round 2: World History

## Question #11:

**What Andean empire was toppled by Spanish conquistadors led by Francisco Pizarro?**

# Round 2: World History

## Question #11:

**What Andean empire was toppled by Spanish conquistadors led by Francisco Pizarro?**

# Round 2: World History

## Question #12:

**Mansa Musa led what empire with capital at Timbuktu? In 2013, French forces intervened against Islamist fighters in a country with the same name as that empire and in the same place.**

# Round 2: World History

## Question #12:

**Mansa Musa led what empire with capital at Timbuktu? In 2013, French forces intervened against Islamist fighters in a country with the same name as that empire and in the same place.**

# Round 2: World History

**Students have 3 minutes to complete their answer sheets.**
